**NOT HOW CHEAP
---HOW GOOD**

To tell the truth we don't like the words "cheap groceries." We much prefer to deal in the highest qualities obtainable. Because reduced prices ALWAYS stand for reduced values. It is inevitable. Business is so regulated that it cannot be any other way. So we talk high qualities month in and month out. And we sell accordingly. And strange as it may seem, it is the truest sort of economy to deal here. No waste of materials—Constant satisfaction—Most healthful eatables—Those are reasons enough.

**Have You Seen
It Advertised?**

If you have, and its good and a Drug Store article, we have it. We don't however, sell a thing simply because it's being advertised. We must know first that it has merit and that the advertisement tells the truth. You can trust our judgment in these matters. So if you see it advertised and want to look into it, come to us. Every truly meritorious article that a Drug Store should keep is in our stock.

Remember that and when you want anything in our line, come to see us.
